SIR,

Land acquisition - Play ground for Nasratul Islam School - Question of acquiring the house east of the School.

At the instance of the correspondent of the above school, the Inspector of Schools inquired of me in March last whether the land and building to the east of the School (vide plan enclosed for reference and favour of return) could be acquired under the L.A. Act for use as a play-ground for the school. As the purpose for which the land was required was to improve educational facilities, (Vide enclosed copy of a letter No. R.C.51/28 dated 16.2.28 from the Sub-Asstt.Inspector of Schools), I considered that it might fairly be regarded as public, even though the school was a private one, and replied accordingly. The Inspector has now sent me the plan above referred to to enable me to proceed with the acquisition. Before I begin to value the property I request to be informed whether the Hon'ble the Resident agrees with the Inspector of Schools and myself in the view that the purpose of the acquisition

is

Letter R. C. No. 51/28, dated 16-2-1928, from the Sub-Asst. Inspector of Schools, C. & M. Station, Bangalore, to the Inspector of Schools, Coorg and Bangalore.

With reference to your footnote No.3409/1-24, dated 17-12-1927, communicating a copy of the letter from the Correspondent of the Nasratul Islam School, regarding the compulsory acquisition of a house for school use, I have the honour to submit the following report:-

Nasratul Islam School is a fairly large Primary School, recognised and aided, catering to the needs of the children of the beef-butchers' community. The school building is spacious enough, but there is no open space attached to it, which may be used as a play ground or a drill or recreation ground. With a view to get a suitable open compound, that may be used as a drill ground, the Correspondent desires to purchase a neighbouring house, situated to the east of the school building. The house belongs to a skin merchant by name Abdul Jaleel Khan, residing in No. 60, Old Bamboo Bazaar Road. He lives in a small portion at the back of the house and uses the front portion as a godown to store up skins. The atmosphere is rendered obnoxious by the smell of the skin and sometimes, the nasty odour spreads to the school. The idea of the Correspondent is to purchase this house and demolish it altogether. He will have a compound built and use the open space as a recreation ground. The house owner is not inclined to sell the house and so the Correspondent has submitted a petition to the Collector to acquire it from him under the Land Acquisition Act, since the land will be used for a public purpose. If the Collector orders the compulsory acquisition and fixes the price to be paid for it, the Correspondent intends to apply to the Inspector of Schools, Coorg and Bangalore for sanctioning a half-grant towards the purchase of the house and the cost of demolishing it and putting up a compound wall. SIR,

Land acquisition - shop No.36, Russell Market Square and Shop No.38-A Meenakshi Coil Street cross - widening the North-East passage of Russell Market - Residency Notification No.106 dated 3-1-1929.

I have not received any objections in response to the notice issued under Rule 1 of the Land Acquisition rules from the owner of the above properties. I accordingly enclose a draft declaration under section 6 of the Act for favour of approval and publication in the Residency orders.

2. As regards the pial in front of Shop No.37 Russell Market Square, the owner objects to its acquisition on the ground that it would diminish seriously the value of the shop to which it is attached and would spoil the appearance of the premises. I consulted the President, Municipal Commission and the Executive Engineer regarding this objection and it is agreed that the acquisition of the pial may be dropped. I accordingly suggest that the Residency Notification No.106 dated 3-1-1929 so far as it relates to this land be cancelled.

Statement of Dr. Noronha.

(33)

My mother is the sole owner of the land proposed to be acquired.

She objects to the acquisition, which would considerably reduce the size of the compound, lessen the present frontage of the compound, and would also mean that the present gate of the compound would be practically on the corner, and not removed some distance from it, as it is at present.

She is quite willing to remove the trees now in the corner of the compound, and to reduce the present height of the wall to allow a clear view round the corner from both sides, and requests that if this is done, acquisition proceedings may be dropped.
